## **Worldwide Waldorf 100 (charity) Run from 9th to 19th September 2019!**

As part of our core project „Marathon around the World" from *Waldorf 100* the batons 1 & 2 come together in a star run on September 9, 2019, on the Tempelhofer Feld in Berlin. At the same time, the starting signal for a (charity) run will take place. All Waldorf schools and institutions worldwide are invited to join in the following ten days. The worldwide charity run will end on September 19, 2019 with the finish of the squadrons 1,2,3,4 at the ceremony in the Tempodrom in Berlin. This is also the end of the nationwide relay race in Germany.

The donations are collected for the initiative Education Needs Nourishment, an initiative of *the Friends of Waldorf Education Rudolf Steiner*. A daily luncheon is especially needed for the students, whose parents live below the subsistence level and send their children to school without a break or a snack. The meals should not only fill you up, but also be delicious and varied. Since many Waldorf schools do not receive state support, a plate of food for each child can only be realized through donations - that's why we want to run for food together in 2019!

### **How you can participate?**

1. Organize your own event at your school, no matter where in the world, in the period between 09.-19.09.2019 under the motto: Education needs nourishment, counting down to Waldorf 100-Anniversary celebration (Berlin)
2. Send us your idea so that we can include you in our countdown
3. Post pictures and information under the hashtags [#waldorf100starrun](#) [#educationneedsfood](#)
4. Gather donations for the initiative Education needs nourishment to help children around the world enjoy a good school meal
